- Q&A with PNJ
- Tour with PNJ

**PRESERVATION**  
new jersey

*Talks with Our Ten Most*

AUGUST 10, 2023 @ 7:00PM

Join Preservation NJ via Zoom as we sit down with Sandy Hook Foundation President, Pete Izzo and Shawn Welch of the Army Ground Forces Association to hear the latest news related to Fort Hancock.

40 buildings of the Fort Hancock and Sandy Hook Proving Ground Historic District were listed on PNI's "10 Most" in 1995. The site played a key role in the development of advanced weaponry and was a vital defense installation guarding New York City. Sandy Hook is also home to the Spinnecet Cove No. 2 Life-Saving Service Station, one of the earliest federally sponsored efforts to save life and property endangered in coastal shipwrecks; and one of the nation's oldest lighthouses. Owned and managed by the National Park Service (NPS), the entire installation is a National Historic Landmark (NHL). Still, federal funding is limited and creative conversations are needed to preserve the site into the future.

# 1867 Sanctuary

After 11 years of stewardship for the 1867 Sanctuary in Ewing Township, New Jersey, Preservation New Jersey ended its lease and returned the site back to the Presbytery of the Coastlands. (April 2023)

Reverend Dr. Fred Garry, President of the Trustees for Coastlands Presbytery, thanked PNJ for managing the 1867 Sanctuary over the past decade.

“Preservation New Jersey laid the groundwork for using sacred space as community space, bringing regional support to the table and modeling how to run a nonprofit. We are pleased to see members of the church and community step into this role now.”

# Slate for PNJ Board of Trustees

**James Pittman**

John O'Hara Contracting Company
